#### **7 – REFERENCE OF BUSINESS**

- 7.1 Proposed Ordinances - none
- 7.2 Proposed Resolutions:
- 7.2.1 Draft Resolution No. 175-2025: A RESOLUTION REQUESTING THE SMART COMMUNICATIONS, INC. TO UPGRADE ITS SERVICES / SIGNAL IN THE MUNICIPALITY OF PRIETO DIAZ, SORSOGON. Introduced by Hon. Alexander D. Destura

Having been given the floor, the author explained that the purpose of his resolution is to request both service providers to improve their services in the municipality. He added that there are several barangays with "dead spots", having poor or no reception for cellular signals. He stressed the crucial role of cellular signal in modern communication, and for internet access, especially for the students who do not have WIFI connection at home. Hon. Lilia Oliveres suggested inviting resource persons for the said matter. The author however reasoned that there should be a resolution first prior to the invitation of resource persons, to which Hon. Joseph Yap, Jr. expressed agreement. He added that resolutions indeed should be sent to the 2 companies for them to know the problem and take necessary actions.

On the other hand, the Chair suggested making 2 separate resolutions for Smart and Globe, and the author was amenable to it. Councilor Destura added that he is amenable to the suggestions or amendments of the members to his resolutions. He added that he believes that that strong cellular signal is very important especially that the President Marcos has recently launched the 911 system, a hotline for local emergency response centers for quick assistance.

WHEREAS, access to reliable and stable mobile and internet connectivity is essential for communication, education, business, governance, and emergency response;

WHEREAS, residents of the municipality of Prieto Diaz have experienced poor or unstable network signal from both Smart Communications, Inc., resulting in difficulties in communication, online learning, remote work, and other daily activities especially in barangays quite far from the cellular site in the Poblacion;

WHEREAS, a strong and consistent mobile signal is crucial for the effective operation of the 911 Emergency Hotline and other emergency response services, enabling residents to seek immediate assistance in times of accidents, disasters, medical emergencies, or public safety threats;

WHEREAS, the lack of stable network coverage hampers the timely coordination of emergency responders, barangay officials, and law enforcement agencies, thus putting lives and property at risk;

WHEREAS, improving telecommunications infrastructure within the locality will significantly enhance not only connectivity and economic activity but also the safety and security of the community;

Having no other corrections and upon motion of Hon. Juan Ebid, duly seconded by Hon. Antonio Emano, Jr. and Hon. Jo Madel Domalaon, the said resolution was adopted and approved unanimously.

Hon. Jo Madel Domalaon read the text of her resolution. The Chair explained that recently, 16 MGLU employees and officials had the benchmarking activity in Siargao Island as part of the reward for MMK 2020. Hon. Vicente Bayoca requested that Councilor Domalaon share her experiences with the guests. Therefore, she reiterated her sharing about the best practices in General Luna and Del Carmen. At this juncture, the Chair suggested making the resolution read as "A RESOLUTION EXPRESSING gratitude. . . through Hon. Mayor. . ." and the author was amenable to it. Thus, the title of the resolution shall read as, "A RESOLUTION EXPRESSING GRATITUDE TO THE MUNICIPALITY OF DEL CARMEN, SURIGAO DEL NORTE UNDER THE ABLE LEADERSHIP OF HONORABLE MAYOR ALFREDO M. CORO II. On motion of Hon. Alexander Destura, duly seconded by Hon. Juan Ebid, the said resolution was adopted and approved unanimously as amended.

7.2.4 Draft Resolution No. 178-2025: A RESOLUTION OF GRATITUDE TO THE MUNICIPALITY OF GENERAL LUNA, SURIGAO DEL NORTE. Introduced by Hon. Jo Madel D. Domalaon

Same amendment applies for the said resolution to which the author was amenable, which shall read as, A RESOLUTION EXPRESSING GRATITUDE TO THE MUNICIPALITY OF GENERAL LUNA, SURIGAO DEL NORTE UNDER THE ABLE LEADERSHIP OF HONORABLE MAYOR JOHNSON Y. SAJULGA. On motion of Hon. Antonio Emano, Jr., duly seconded by Hon. Juan Ebid, the said resolution was adopted and approved unanimously.

7.2.5 Draft Resolution No. 179-2025: A RESOLUTION REQUESTING HON. ROMEO D. DOMASIAN, MUNICIPAL MAYOR, TO PLEASE INCLUDE IN THE MALINIS AT MASAGANANG KARAGATAN (MMK) PROGRAM THE ARTIFICIAL REEF RESTORATION AND REHABILITATION PROJECT OF PRIETO DIAZ, SORSOGON. Introduced by Hon. Alexander D. Destura

WHEREAS, coral reefs are among the most diverse and productive ecosystems on earth, providing vital habitats for marine life and serving as natural barriers that protect coastal communities from storm surges and erosion;

WHEREAS, coral reefs support local livelihoods through fisheries, tourism, and coastal protection, and play an essential role in food security;

WHEREAS, the coral reefs within our municipality have been increasingly threatened by destructive fishing practices, pollution, sedimentation, climate change, and other human activities in the previous years;

WHEREAS, coral reef degradation directly affects the welfare of coastal communities by reducing fish catch, damaging tourism potential, and increasing vulnerability to natural disasters;

WHEREAS, coral reef restoration is an effective strategy to rehabilitate damaged reefs, enhance marine biodiversity, and strengthen ecosystem resilience;

WHEREAS, attached herewith is a Project Proposal entitled "Artificial Coral Reef Restoration and Rehabilitation";

The author explained that he has talked to Mayor Romeo Domasian and was informed that there is still P 5 million surplus from the MMK 2020 reward fund, which should be spent not later than December of the current year. He added that the project proposal is designed to provide artificial reefs since many have been destroyed in the past years. Hon. Juan Ebid agreed with the said proposal however suggested inviting to the session MENRO, Charito Lagadia and the MAO Melanie Sol, who are in charge of the MMK programs. The Chair added that a few years ago, the MMK programs and projects have been discussed and approved by the MLGU officials and the stakeholders who were mostly fisherfolk organization, based on the menu presented by the BFAR. Councilor Ebid added that that there must be a liquidation report first presented to the body for the actual remaining fund. On the other hand, Hon. Jo Madel Domalaon expressed that her happiness knowing that there is still surplus fund, for on the part of tourism, there is a need to conduct training for the tour guides and paddlers. She agreed with Councilor Ebid that the actual remaining fund should be made known to the body. Meanwhile, Hon. Antonio Emano Jr. stated that the body needs to know first the approved programs under the MMK 2020 which were not implemented.

On the other hand, the author stated that his proposal is only a resolution, and that it is up to the Mayor if he would include it or not, and Councilor Yap agreed that it would be decision of the Mayor, and if it is included in the BFAR menu. The Chair stated that there could have been no need for resolution/s to the Mayor Domasian, especially when the members can easily approach and talk to the Mayor. Nevertheless, the Chair explained to the guests that the municipality has been rewarded with P 30 million cash prize as national grand awardee for the Malinis at Masaganang Karagatan (MMK 2020), a national search for outstanding coastal communities. ## 9 – CALENDAR OF BUSINESS

### 9.1 Unfinished Business:

- 9.1.1 Ordinance No. 2025-11: AN ORDINANCE PROVIDING GUIDELINES AND POLICIES ON ASSISTANCE TO INDIVIDUALS IN CRISIS SITUATION (AICS) IN THE MUNICIPALITY OF PRIETO DIAZ. Introduced by Hon. Alexander D. Destura.

Having been given the floor, the author stated that his ordinance intends to simplify the process of releasing AICS fund for our needy constituents, through outright cash, and no longer through the usual check. At this point, Hon. Joseph Yap, Jr., Chairman, Committee on Rules, which studied and handled the said ordinance asked for apology from the body for the lack of in depth study of the said ordinance for the reason that he only came across the DILG Memorandum Circular No. 15 series of 2022, which is apparently being observed by the MSWDO, aside from the existing Simula't Katapusan ordinance. He continued that the provisions therein should be integrated in the new ordinance to avoid confusion in the implementation. Councilor Destura stated that it is up to the body what should be added therein. The Chair however ruled that it is the author who should make the necessary amendments to the ordinance.

Moreover, the Chair stated that the way he sees the ordinance – the policies for the release of AICS are in place, guidelines are already established – and so there is no need to change them. Hon. Joseph Yap, Jr. stated that what the SB or the ordinance should do is to make the release of AICS outright and in the form of cash, and for that the Municipal Treasurer should be given authority. At this point, the Chair called for the Municipal Treasurer for further clarification and declared a short recess. The session resumed at 10:44 in the morning.

At this juncture, the Chair acknowledged the presence of Ms. Gemma Ferrer, Municipal Treasurer. Asked by the Chair, Ms. Ferrer stated that setting up of Petty Cash Fund for AICS is allowable by law. The Chair stated that then it should be then the ordinance that the SB should enact, but Councilor Destura stated that it is already stated in Section 10.

On the other hand, Hon. Juan Ebid stated that one major cause of delay for the release of AICS fund is the unavailability of funds, which was confirmed by Ms. Ferrer. Asked by the author, Ms. Gemma Ferrer stated that the release of NTA happens every month, and so when it comes, the processing of AICS resumes, and the fund is briefly exhausted. To that, Councilor Destura explained it is that the reason why he has proposed to increase it to P 1,000,000.00 for the following year. Hon. Juan Ebid calculated that with P 1million per year, it is around P 80,000,00 budget per month. At this juncture, Hon. Alexander Destura stated that he is giving up and it is up to the body to decide on the ordinance. Hon. Joseph Yap, Jr. maintained that there are already policies set by the DSWD, and the issue now is the release of funds to be made through petty cash.

At this juncture, Councilor Destura stated a reminder to the committee/s handling ordinances to study them well, state their findings in the committee report and read carefully the minutes of the hearing. Councilor Yap agreed with him and expressed once again his apology. Lastly, Ms. Ferrer stated that the body may do state the amount her office shall maintain for Petty Cash Fund for AICS. The Chair then stated that the deliberation of the said matter be suspended until next regular session of the Sangguniang Bayan.

11.8 From the Chair: Privilege Speech

*"To the august body, distinguished colleagues, esteemed public servants, students and guests, good morning.*

*I stand before you today not to deliver a simple report, but to present a vision for the future of our beloved municipality - a vision born from a fundamental challenge we all face: the lack of available land for crucial public development. We are a coastal community, rich in natural beauty and hardworking people, but we are also a community constrained by our geography. Time and again, our plans to build a recreational area, a much-needed public park, or a vibrant community esplanade have been stalled by a single, recurring obstacle - the absence of a suitable lot.*

*This is not merely an inconvenience, it is a limitation that impacts the quality of life for every one of our constituents. Our children lack a safe, open space to play and grow. Our families are without a central gathering spot to relax and bond. Our residents have no dedicated area to enjoy the very coastline that defines us. The opportunity for community life to flourish in shared public spaces is a right that we must secure for our people.*

*And so, I propose a bold and necessary solution - the controlled and environmentally-responsible reclamation of a portion of our vast shoreline. Along coastal diamante to Tupaz that we call "HUNASAN (wash off)". This is not a rash decision but a meticulously-planned endeavor that aligns with both our community's needs and our commitment to environmental stewardship. Through this project, we can transform an underutilized stretch of our coast into a dynamic, multi-purpose recreational area. Imagine a public park where children can play freely, a scenic esplanade where families can stroll at sunrise or sunset, and a vibrant hub for local events and tourism.*

*This initiative promises more than just a physical space. It represents a significant investment in our local economy, creating jobs and attracting tourism that will benefit small businesses. It is an investment in our social well-being, providing a shared space that will strengthen community bonds. And most importantly, it is an investment in our future, ensuring that the next generation inherits a municipality that is both prosperous and livable.*

*Of course, any plan of this magnitude must be approached with caution and transparency. I assure this body and the public that all necessary environmental impact assessments will be conducted with the utmost rigor. Public hearings will be held to ensure that the voices of our residents are heard and that their concerns are addressed. This project will be a partnership between the government and the community it serves. And of course, a partnership to our Provincial Governor Edwin "Boboy" Hamor, that we seek assistance for the said reclamation because without him, it is impossible to realize.*

*My colleagues, the tides of change are not to be feared; they are to be embraced. Let us not be defined by our limitations, but by our ingenuity and our shared commitment to our people. Let us support this plan to reclaim a portion of our shoreline, and in doing so, reclaim the potential of our community. Thank you, and may God bless our municipality."*

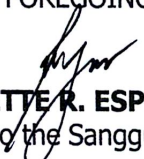

11.9 At this juncture, the Chair gave the floor to Mr. Godfrey Diño who expressed his profound thanks to the body especially to Vice Mayor Domasian for the wonderful experience for the students. Asked by the Chair of the concerns the students would want the body to know or address, Mr. Namasen Dorado requested that concrete pathways be

constructed leading to their classrooms to keep them dry especially on rainy days. Mr. Diño also requested for the re-evaluation and inclusion of PDNHS in the SB's request to Senator Bam Aquino for additional classrooms since grades 8 & 9 are occupying the 45-year old building. Lastly, Mr. Diño also requested that PDNHS be included in the request to the DICT for the restoration of the WI-FI signal. This time, the Chair tasked Hon. Jo Madel Domalaon, Chairman, Committee on Education to gather data on schools with no WI-FI connection as well as those needing additional classrooms, and Councilor Domalaon took note of it.
